

For Immediate Release

Kisserup Signs MOU with Association of Female Executives of Trinidad and Tobago (AFETT)

(May 2009) Kisserup International Trade Roots (Kisserup) has signed an MOU with the Association of Female Executives of Trinidad and Tobago (AFETT). The MOU will facilitate collaboration between the two organizations to develop strategic and effective trade and trade mission training, mentoring and workshop development.

AFETT's mission is 'To be the leading network for professional women in Trinidad & Tobago'. Since 2002 AFETT has been fulfilling their mission by exposing these professional women to networking opportunities, leadership training and business ideas, and this will be realised through a creative and appealing agenda of seminars and workshops. Currently, AFETT draws inspiration from over 100 successful companies which represent its active and diverse membership. Their pledge is to keep our programme of activities relevant to the changing needs of female professionals in our country.

Kisserup continues to expand its network and client base throughout the Caribbean, and is looking forward seizing this opportunity to work with AFETT in the coming years to create effective programs to benefit professional women in Trinidad, here at home and around the globe.

More information on AFETT is available on their website at www.afett.com
