

Kisserup opens office in the Arctic:

June 2016: Kisserup has been working in innovative Greenland since 2009. We have enjoyed the relationships, culture and relations so much that we decided to open an office in Greenland, Kisserup Arctic. We are seeking employees for our new office and have posted job advertisements on the local website SULI, the job portal for all of Greenland. For more information, please see: www.suli.gl

New Intern at EU Office

June 2016: Kisserup welcomes Nicholas Barfod at the office in Denmark as the International Trade Intern. Nicholas is a graduate of (MSC) Political Science from the University of Aarhus, Denmark. Most recently, as Head of Section in the Ministry of Higher Education and Science, Nicholas was responsible for assessing and handling,

foreign educational qualification in accordance with Danish standards for Iran, India, Pakistan, Nepal, the United Kingdom and Bangladesh, whilst being involved in detailed project administration and analytical assignments in Danish and English. Nicholas is bilingual in Danish and English, and also speaks French.

Mi'kmaq Energy & Innovation Summit 2016

Kisserup was contracted to design an Energy & Innovation Summit working in close collaboration with Beaubassin Mi'kmaq

NOVA SCOTIA MI'KMAQ
Energy & Innovation
SUMMIT 2016

Wind Company Ltd., a company collectively owned by Mi'kmaq Band Councils within Nova Scotia. Kisserup's role will be to design and develop the Summit, deliver an Online Summit Registration Portal, the recruitment of delegates, exhibitors, keynote speakers and sponsors, the onsite registration and production of the Summit Program. Kisserup will also design a roundtable consultation with focus on opportunities and challenges identified within economic development and diversity in the supply chain. Kisserup partnered with Supernova Energy for the project. For more information, see: <http://www.nsmikmaqsummit.ca/>

Market Access St. Lucia

July 2016: Kisserup signed a contract with Trade Export & Promotion Agency of St. Lucia to assist Saint Lucia's trade promotion and business support organisations (TPOs/BSOs) with the development of market penetration and capacity building plans for selected enterprises and targeted EU markets (France, Germany and Spain); and build the capacity of the TPOs/BSOs to deliver support services, which are gender responsive, socially inclusive and relevant to increasing Saint Lucia's export of goods and services.
